

Rheumatism Cannot Be Cured Unless Uric-O is Used

Sudden Deaths, Heart Failure and Paralysis Are Caused by Poisonous Uric and Rheumatic Acids.

The Rheumatic person is skeptical regarding the claims of almost any remedy advertised as a cure for Rheumatism and one can scarcely blame him for being so. All the plaster and liniments combined never actually cured a case of Rheumatism. They may relieve it in one quarter but it is sure to break out somewhere else. The only true way to cure Rheumatism is to drive it from the system, for as long as the Uric and Rheumatic Acid remains in the blood one is never entirely free from the trouble. Uric-O seeks out the Rheumatic poison in the blood, muscles and kidneys, renders it inert and harmless, and drives it out of the system. It is composed of perfect antidotes for the rheumatic acid poison in the system, and the secret of its wonderful success lies in the fact that it is designed to cure Rheumatism only. Uric-O is sold by druggists at 75c and \$1.00 the bottle. A liberal sample may be procured by writing to the Smith Drug Co., 154 Smith Bldg., Syracuse, N. Y.

Uric-O is sold and personally recommended in Norwich by H. J. Steiner, in Putnam by H. J. Steiner, in Williamstown by H. J. Steiner, in Middletown by H. J. Steiner, in W. Tuckerman.

To Save Meriden Shade Trees.

The shade trees of Meriden are reported to be in danger, and State Entomologist Britton, quoted as expressing the opinion that they will be dead in two or three years if they are not cared for. An aggressive movement has been started to have the municipal authorities get busy and adopt a policy that will save the menaced trees.

Beware of Ointments for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system entering through the mucous surfaces. Such articles should never be used except on prescriptions from reliable physicians, as the damage they will do is tenfold to the good they can possibly derive from them. HALL'S CATARRH CURE, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure, be sure you get the genuine. It is taken internally and acts upon the blood. Take Hall's Family Pills for constipation.

WESTERLY TOWN COUNCIL

Considers Many Matters of Public Interest—Suit Against Town Threatened—Light and Power Company Granted Permission to Extend Line to Potter Hill—Jurors Drawn—Pawcatuck Agitating for Five cent Fare on G. & S. Line.

The monthly meeting of the Westery town council was called to order by President William L. Clarke, with these councilmen present: Langworthy, Culley, Maxson, Saunders, Scanlon and Burdick.

Clerk Whipple announced that the will of Ellen Burke had been filed for probate, and inasmuch as the will was to be contested, and as the judge of probate, a nephew of the deceased, was an interested party, it devolved upon the town council to sit as a probate court. The personal property will not exceed \$1,000, and James W. Burke and Charles Butler are named as executors. The case was continued to March 1, with order of notice.

After the reading and approval of the minutes of the previous meeting, Frank H. Corder asked what had been done in the matter of the road and bridge near his property in Niantic, as the public was using his property as a highway at the present time. This is a matter in which the railroad company is interested, and an investigation had been examining the town records for three days to ascertain whether the road in dispute was really a public highway. Pending the result of the search of the records no definite answer could be given. Mr. Corder's query.

Oliver C. Andrews asked the council to grant permission for a change in the location of the Pawcatuck river, street so as to permit proper curve to be made for entrance to the river front either by Common street or the Buttrick driveway. He said it was proposed to use the extension for general freight purposes, especially in regard to the transfer of coal and merchandise to Potter Hill and Ashaway, and also from these places to the water front with mill products. This change, he said, would enable the Ashaway Brick company to figure on a contract for furnishing three million bricks to the government at Fishers Island.

Mr. Andrews said all this business with the Ashaway and Potter Hill mills had been done by the Pawcatuck river route and Westery, and now effort was being made to take all this business to the Thames river, at Niantic Point or Port. Point from there by trolley to Potter Hill and Ashaway. It was for the benefit of Westery, and the measure, and the extension of the tracks of the Pawcatuck Valley road would materially aid in holding the business. Mr. Andrews said he had been told by the Pawcatuck Valley road that the council considered this requisite before action could be taken. Messrs. Langworthy, Maxson and Saunders agreed to present the petition in proper form.

A bill of \$15 from Undertaker Murphy for the burial of Thomas Potter, killed on the Norwich-Westery trolley, was presented to the council. The poor, Mr. Murphy to consult with the trolley road officials, the council being of the opinion that the bill should be paid by the trolley company. The report of Chief of Police Bransfield showed that seven arrests had been made in January. A motion was adopted favoring a state appropriation for the extermination of the gypsy moth.

Attorney Sweeney presented petition from Pasquale Salameo to operate two pool tables in Pierce street, and another from Pasquale Terrenova for a pool table in Niantic. The council was reminded that precedent had been established when pool table privileges were granted to Joseph Salameo and Pasquale Terrenova. In response to a query, Chief Bransfield said he had received no complaint by reason of the existence of the pool room.

Councilman Saunders of the Niantic section moved that the petition of Terrenova be tabled for investigation. Councilman Burdick amended that both petitions be tabled for one month. Attorney Sweeney stated that Salameo was prepared to furnish the same kind of bond as that of the pool room proprietor in the same street, to strictly comply with the law.

Councilman Burdick insisted that the petition be tabled for consideration. Councilman Scanlon said he was in favor of the measure, but he said there should be no discrimination, and therefore favored granting permit to Salameo.

After further discussion by Councilman Culley, who favored consideration, the motion to table for one month was carried. The Westery Light and Power company was granted permission to extend its pole and wire line to the Potter Hill station, to be done by the satisfaction of the highway committee. The highway committee was authorized to ascertain a price that could be paid for the old stone crusher, to be used by the New England Granite company's plant, and report to the council before consummation of sale.

Attorney Ledwidge announced that acting for Angelo Di Marzio, he had a claim of \$2,500 against the town of Westery, and requested the council to suit for his client. Di Marzio lost eye on the 19th of November, while at work on the town's stone crusher.

The council then drew the following named to serve as jurors in the superior court for Washington county: Abram L. Olmsted, George W. Austin, Alfred A. Stillman, Isaac H. Harvey, Nathan M. Barber, James M. Simpson, John C. J. Frank Segar, Cornelius Healey, Francis G. Haswell, J. Irving Maxson, William E. Burke, Edgar J. G. Hall, Charles A. Morgan, Joseph H. Hoxie, Frank J. Calhoun, David McG. Newell, Edward C. Brown, Abel P. Randall, Alfred C. Smith, Denison C. Hinkley, Orrin M. Robinson, Horace D. Healey, James E. Pike, William Clarke, Frederick Whitton, Thomas Perry, George R. Coy, James A. Wilcox, John P. Davis, John A. Stillman, Daniel J. Donohue.

The report of James A. Welch, Henry C. Lanphere and John T. Edmond, the committee on the layout of a road from the residence of Leonard Babcock to White Rock and to the White Rock schoolhouse, so-called, and John R. Booth, judge, claims for damages are waived, provided that when change in location of walls and fences are made the work will be at the expense of the owner. Mrs. Alice Remington was given permit to give a masquerade in Hilbert hall. It was voted that in the future such licenses be issued by the town clerk upon approval of the police committee.

At this point the council went into executive session for further consideration of the subject. The question of licenses at the Hilbert opera house also was discussed, but no action was taken on that matter in an informal way, including the pool room licenses. The town solicitor was given to understand that whatever he did in relation to collecting license fees for performances in the Hilbert opera house would be maintained by a majority of the council.

The threatened suit of Di Marzio against the town, was again discussed in executive session, but no action was taken, it being practically decided to await the action of the attorney for Di Marzio. Supervisor Chesbro was at the session and stated the circumstances of the accident to Di Marzio, which tended to show that the town was in no way responsible. The executive session lasted an even hour.

Mr. and Mrs. Merton T. Webster of Liberty street, arranged and brought to a successful culmination the recent entertainment in the vestry of the First Baptist church, given under the auspices of Class No. 14. The Chorus Boy of Gentryville. Abraham Lincoln did chores; not exactly because he thought it heroic, but because the deed was a waste of time. In his circumstances of poverty, there was nothing else for the boy to do. This is what Mr. Frederick Trevor Hill, whose first essay for the school children's competition appears today, finds to have been his occupation. He was not a boy, but a "skelly house drudge" while he lived, his father a carpenter and farmer without much "gumption" who regarded book learning as a waste of time. "Ab" made the best of things—rocked babies and roofed barns.

The neighbors liked him. They lent him books that he thought he ought to read. He trudged to Boonville to hear the lawyers. Likely enough he went to a swimming pool. He was not of the sort to waste time. Opportunities were few and treasured. He accepted ill-luck and hard favors as a matter of course, even humbly, and he studied the men around him.

Lincoln had no vision of future greatness, Mr. Hill says. He got along thrifty from day to day. Stripped of myth and fable, his was the lot of a plain American boy who was having a pretty tough time of it, and had "no kick coming."—Hartford Times.

Out of Their Proper Sphere. A Detroit preacher says that if Rod Keller had gone into the priesthood he would have been pope before this; if Harriman had lived in Caesar's time he would have out-Caesar'd that illustrious gentleman, and if Roosevelt had taken up religious work Martin Luther and his little Reformation would have been made to look like a small hill of small potatoes. Curious how many there be who plod along through life out of their proper sphere!—Hartford Post.

Enough Alike to Be Twins. The Bulletin of that city says that Norwich, with three motion picture houses, will look like a small town in a merry widow hat. It adds, "She will be gay, though." Just like us, for all the world.—Newburyport News.

ACKNOWLEDGE IT
Norwich Has to Bow to the Inevitable—Scores of Citizens Prove It.

After reading the public statement of this representative citizen of Norwich given below, you must come to this conclusion: A remedy which cured years ago, which has kept the kidneys in good health since, can be relied upon to perform the same work in other cases. Read this:

Mrs. Catherine Hogan, living at 22 Hickory Street, Norwich, Conn., says: "For some time I was severely troubled by kidney complaint. I had pains and aches all through my back and an indescribable feeling of weakness in all parts of my body. I tried numerous remedies, but did not obtain relief. I was finally told about Doan's Kidney Pills, and procuring them from N. D. Sevin & Son's drug store, began their use according to directions. They helped me from the first, and a continued use brought about a complete cure. I can recommend Doan's Kidney Pills very highly." (From statement given April 12, 1906.)

DOAN'S KIDNEY PILLS CURE PERMANENTLY.
On August 25, 1908, Mrs. Hogan said: "I take pleasure in confirming the statement I gave in favor of Doan's Kidney Pills over two years ago. Practically speaking I have had no return of any trouble with my back or kidneys since using this remedy. Many people have called upon me to ascertain if my statement was true, and I have always assured them that such was the case."
